

THE "TIMES" BUILDING IS DEMOLISHED

1 DEAD AND 16 MISSING BOMB FOUND UNDER OTIS HOME BURSTS IN STREET

Infernal Machine Found Near Zeehändler Residence---Times Blames Union for Horrible Business

LOS ANGELES, Oct. 1.—A dynamite bomb found beneath the Harrison Gray Otis residence in Wiltshire Boulevard, exploded in the street this afternoon. The explosion tore a great hole in the street and shattered scores of windows. Nobody was injured. The bomb, found by the police, was similar to that found beneath the Zeehändler home this morning.

LOS ANGELES, Oct. 1.—One is dying and fourteen are missing, all of whom are believed to be dead as a result of the explosion, followed by fire, which razed the Los Angeles Times building shortly after 1 o'clock this morning. The damage, according to H. G. Chandler, will be nearly \$600,000. The heat is so intense from the smoldering ruins that it is believed the debris cannot be searched till tomorrow for dead bodies. Police investigation is under way. The authorities have refused to divulge the clues that they admit they have unearthed.

CATASTROPHE WAS ONE OF TERRIBLE INTENSITY
LOS ANGELES, Oct. 1.—An explosion that shook the city for miles around, and, it is believed, took a toll of fifteen lives, completely destroyed the building of the Times Publishing Company, at First and Broadway, at 1 o'clock this morning. The explosion, whose origin is, as yet, undetermined, was followed by a fierce rush of flames, that made impossible the rescue of many of the employees, who were trapped without the slightest chance of escape from the double horror.

Almost with the sound of the explosion the entire half block occupied by the three and four-story structure was a furnace. A few jumped from the windows, only to meet injury in the fall.

Although nets and fire ladders were quickly upon the scene, entrance or exit was in many cases hopelessly impossible, the fire shooting with fury from every window in the building. The floors of the building, evidently destroyed by the force of the explosion, which was so great as to shatter the windows in all the buildings within the radius of a block, fell slowly in upon the furnace-like crater.

For a while the entire district was threatened with the fire, and a general alarm brought every engine company to the scene, and a chain of police was thrown about the building to protect the crowd, a further explosion being feared. It is said there were two distinct explosions, the first lifting the machinery and

BIG STREAMS BY PUMPING

S. A. V. I. Co. Directors Expect Wells to Produce 1000 Inches Next Summer

Pits on Santa Ana River Indicate They Will Give 600 Inches to Ditches

Within a few months the pumping plants of the Santa Ana Valley Irrigation Co. will be producing close to 1000 inches of water. Of that amount it is expected that 600 inches will come from the two wells at the river pumping station and 400 inches from wells to be put down on the Fields place near Olive, recently purchased by the company.

At the present time, under the directions of the board of directors, pits, 10 by 10 feet, are being sunk at the river station. One of these is down sixty-five feet and probably will go down ten feet further. There is 250 inches of water coming from that well now. The engine is new and has not been thoroughly adjusted. It is guaranteed to throw 400 inches. The second pit is down thirty-five feet, and 100 inches is being pumped from it. This pit will be put down sixty-five or seventy-five feet. These two wells will be depended upon for fully 600 inches of water next summer.

There is one well on the Fields place, from which a stream of sixty inches is thrown. The plan of the company directors is to put down as many wells on this property as is advisable, and they are confident 400 inches can be produced. A contract has been let with McKord for putting down a well, and work will begin next week.

During the last year the present board of directors has put down about five miles of cement pipeline. Of that two miles went into what is known as the Hewes ditch. This is 30-inch pipe and cost \$10,000, taking one assessment of the past year. The ditch was in bad condition. The improvement is now about completed.

COMMITTEE APPOINTED

Parr, Forgy and Harris Named to Look Into the Gas and Electric Situation

Mayor McFadden Named Men to Report on Report of the Edison Company

Mayor John McFadden this morning appointed George T. Parr, H. J. Forgy and R. T. Harris as a committee to make an investigation into the report of the Southern California Edison Co. as to the valuation and earnings of the Edison gas plant and the Edison electric business in Santa Ana. The appointment of this committee follows the agreement reached Wednesday night, at which time the corporation stated that it would reduce electricity from 12 1/2 cents to 10 cents per kilowatt and asked that the rate for gas be raised from \$1 to \$1.25 per 1000 cubic feet.

At that meeting the Edison company representatives stated that they would allow a committee access to the company's books.

"This committee may add to its numbers if it cares to," said Mayor McFadden.

STEAMERS RUN AGROUND. BUT ARE IN NO DANGER

SEATTLE, Oct. 1.—The Alaska steamer "Princess Beatrice" is reported ashore in the vicinity of Seymour Narrows. The Beatrice left Victoria last night en route to Vancouver and Alaskan points.

The agents of the Canadian Pacific Railway declare the Princess Beatrice is in no danger. She ran aground on a mud bank and will probably be pulled off at high tide.

THE STEAMER KULSHAN ALSO RUNS AGROUND

SEATTLE, Oct. 1.—The steamer Kulshan, which left here at 10 o'clock last night, is reported ashore, but in no immediate danger. The Kulshan is a member of the local stereotypers was en route from Seattle to Bellingham, and carried forty passengers.

SAN FRANCISCO, Oct. 1.—Mrs. Elizabeth Lowe Watson of San Jose, was elected president of the Woman's Equal Suffrage Association at the convention here today. Fannie M. Willis of Los Angeles, was elected vice president.

VANDEBILT CUP RACE WON BY GRANT AS DEATH STALKS ALONG THE TRACK

Harold Stone of Los Angeles Fatally Hurt---Threc are Dead and Five Will Die ---Others Injured

MINEOLA, L. I., Oct. 1.—Three persons were killed, four fatally injured, and an unknown number more or less seriously injured in the Vanderbilt cup race today, which was won by Grant with the Alco car. One car was destroyed by fire, another turned a somersault after striking a touring car, and scores of minor accidents occurred. Ambulances hurried the injured from the course. Despite the chaos following the accidents, the drivers, undaunted, showed unprecedented recklessness.

A car thought to be a Pope-Hartford, Fleming driving, ran down a spectator, who was fatally injured. Thousands witnessed the start of the race, thirty-one cars starting.

The dead are: Bacon, Ferdinand D'Zieva, a spectator, and Charles Miller, mechanic for Chevrolet's car.

The following are the fatally injured:

RACE WAS ONE OF MOST EXCITING CHARACTER
The race was one of the most exciting ever run over the course. Grant, the winner, ran a consistent race throughout, and rapidly overhauled the leaders. Chevrolet was put out of the running by an accident in the fifteenth lap. Dawson and Chevrolet fell back and Grant took the lead in the eighteenth lap. Thereafter he was never headed.

Harold Hill, mechanic, body crushed; Harold Stone, driver of the Columbia, badly crushed; Martin Levisohn, spectator, both legs and body crushed; Joseph Cook, spectator, skull fractured; Thomas Miller, legs ground off; M. Potter, spectator, ribs broken; August Grammutin, chauffeur and spectator, internally hurt; William Peterson, spectator, face crushed and skull fractured.

Chevrolet's accident occurred at Hicksville, when his car skidded, rounding a turn on two wheels. The car swung with a crash into a touring car carrying women. Miller, the mechanic, was caught between the cars and every bone was broken. Chevrolet, flung free from the car, was seriously injured, though it is believed no bones were broken.

Harold Stone of Los Angeles, driving a Columbia, and Pacific coast manager for the Columbia, was fatally hurt when the car leaped from the course and tore through a fence, dropping over a fifty-foot embankment. Stone was married last June and his bride saw the races from the grand stand.

The exploding gasoline set fire to the Benz, driven by Franz Helms. The car was totally destroyed, but the driver and mechanic were but slightly injured. D'Zieva, a spectator, hurrying to the races in a big touring car, plunged down a hill, overturning at the bottom. D'Zieva was killed and his wife was severely injured.

Stone was driving at the rate of seventy-five miles per hour.

Grant's time was 4:15:58; Dawson, driving a Marmon, was second, arriving 25 seconds behind Grant. Aikens, in a National, was third.

Chevrolet's Marquette-Bulck car struck a touring car carrying women on the Vanderbilt course. The touring car was overturned. Chevrolet's car somersaulted and Charles Miller, mechanic, was killed, being buried under the car. Chevrolet and the occupants of the touring car escaped, Chevrolet being flung beyond

William K. Vanderbilt announced today that the Grand Prix race would be run over the Vanderbilt course on October 15. He announced that the accidents today would not interfere with the Grand Prix. Vanderbilt pronounced today's race as the greatest in the Vanderbilt cup race history.

Encinas Could Not or Would Not Testify Against Man He Had Arrested

The case of horse-stealing brought against Francisco Holquin fizzled out at the preliminary examination at Orange yesterday. When Frank Encinas, who had caused the man's arrest, got down to testimony he knew nothing of Holquin's alleged attempt. He said his wife told him about it. Mrs. Encinas, when placed on the stand, stated she knew nothing, absolutely nothing. At the request of Deputy District Attorney Finley, Justice Pfeiffer dismissed the felony charge against Holquin.

SUGAR WEIGHERS PARDONED TODAY

President Taft Gave Clemency Because of Information Given by Them

WASHINGTON, Oct. 1.—President Taft today pardoned Thomas Kehoe, John Coyle, Patrick Hennessy, Edward Boyle, sugar weighers, who were sentenced last January to one year imprisonment for defrauding the government.

Executive clemency was exercised because the men gave information against Chas. R. Heike, secretary of the American Sugar Refining Company, and Supt. Cebra of the company's Hoboken docks.

Built in Detroit by Men Who Know How

The difference between the saucy K-R-I-T and other cars at a similar price is a difference in quality—a difference in value.

The K-R-I-T is long enough to insure easy riding, short enough to make a quick turn, light enough to insure greatest tire economy. It is an ideal machine for pleasure or business.

Its ball-bearing engine is of singularly compact design and is silent and smooth in operation.

The K-R-I-T was designed by Kenneth Crittenden, familiarly known to his friends as "Krit."

From start to finish the saucy K-R-I-T is built on lines endorsed by the world's best automobile engineers.

Phone us and we will come and show you.

The Car with the Invisible Start

In any class of cars there is bound to be one car that is pre-eminent the leader of that class.

The K-R-I-T assumes immediate leadership among cars selling for less than one thousand dollars, because in every detail of construction and design it is strictly First Quality.

You have only to compare to find out where the K-R-I-T is better and superior.

The beauty of the K-R-I-T is not only in its lines, its style, its finish and appointments—it goes deeper than that—

The real secret of K-R-I-T value is in the wonderful silent-running, powerful ball-bearing motor.

Test the K-R-I-T over any road. It will never disappoint you.

Let us tell you the good points of this car in detail.

Rally Day Exercises
Last Sunday morning at the Tustin Presbyterian Sunday school, Rally Day exercises were held. An offering was taken for the naturalizing and Americanizing of the foreigners coming to this country.

The exercises were interesting, one of the pleasures of the occasion being the recitation by Miss Gertrude Utt of an original poem of Rev. Allen Kennedy, pastor of the church. The poem was entitled, "Rally Day," and is given below:

Rally Day, Oh, yes, Rally Day!
The bright and blessed Rally Day,
When, as men, women, girls, and boys
We to share each other's joys;
With the long vacation ended,
And our lives from ill defended,
Our happy songs again we sing,
To Christ, our Savior and our King.

Rally Day! Oh, yes, Rally Day!
The grand and glorious Rally Day,
When, of our work we talk and plan,
And help our fellows all we can
To make of life a day most blest,
A day of thoughts and deeds the best;
For here we learn God's secret way,
That leads to life and endless day.

Rally Day! Oh, yes, Rally Day!
The joyful, helpful Rally Day—
Helpful to our lives who know
The Gospel story, but we owe
The millions coming to our land,
The aid of ready, helping hand,
That they may hear the Gospel free,
And good citizens come to be.

Rally Day! Oh, yes, Rally Day!
Delightful, gracious Rally Day!
Yet, let us not today forget
The object true for which we're met;
To honor God, our Joy and Might,
Who fills our land with truth and light,
And makes our homes and lives replete
With freedom's blessings, all so sweet.

HORSE-THIEF AGAIN CAUGHT

Frank Howard Who Figured in Melodrama of Own Making Arrested

Frank Howard, a real bad chap, was arrested in Los Angeles yesterday on a charge of stealing a horse at Bakersfield. The chances are he will go to state's prison.

A few months ago, Howard, who often paraded the streets here dressed in fantastic cowboy plumage, stole a horse from the Friend ranch near Fairview in this county. He was caught with the horse at Long Beach, and out of pity the owner let him go. The same night Howard was shot near Whittier, and he told a tale of a duel with a horse-thief from whom he said he bought the Friend horse. While in the hospital at Whittier he admitted that he shot himself, so anxious was he for blood and thunder.

Santa Ynez Valley Lands

Located in Santa Barbara County

Ten thousand acres of choice farm and grazing lands, in the beautiful and fertile Santa Ynez Valley. Six miles of frontage on Santa Ynez river. Soil unexcelled for Grain, Garden Seed, Potatoes, Onions, Walnuts, Apples, etc. Over two thousand acres now under cultivation. No better bean land in California.

This land will be subdivided and sold in tracts of 20 acres or more, at \$50 per acre and up—one-fourth cash, balance in one, two and three years, at 6 per cent. An excellent opportunity to secure good land at a reasonable price—land that will pay for itself, and produce big profits.

Land will be deeded and certificate of title given at time of purchase. For those not desiring to buy, land will be leased on reasonable terms. Investigate at once. Sales manager can be seen at Hotel in Los Olivos.

TIMES BUILDING IS DEMOLISHED

(Continued from Page One)

physicians say he cannot live through the night.

Managing Editor Andrews sent messengers this morning to the homes of all the employees. He found sixteen were still missing, and says it is almost certain that all of these are dead. There are twenty in the hospitals. According to Andrews, the relations between the Times and the Unionists had reached almost the breaking point, and the feeling was particularly bad since the precipitation of the brewers and iron workers' strike six months ago. Less than a month ago fifty Springfield rifles were purchased and installed in the tower room on the fourth floor of the Times building. This was kept secret until it was admitted by Andrews today. Last week a case of sawed-off guns, which had been standing in the managing editor's office, was removed to the reporters' room.

Mayor's Prompt Action

"If human agency is responsible for the Times horror, we will get the culprits," declared Mayor Alexander this morning. He dispatched messengers calling all councilmen to a special executive session in the city hall. On meeting, the council appropriated \$25,000 to probe the terrible disaster, and to use other wise as the mayor sees fit.

INTERNAL CAUSE MAY HAVE BEEN ORIGIN OF DISASTER

The police dragnet is out. Ten suspects have been arrested, but the police are withholding their names. The Times employees say the building was filled with gases before the explosion. Much gaseous stuff was stored in the basement where the explosion occurred, and many think some internal cause was responsible for the disaster, and not dynamiting.

Two theories, besides criminality, have been advanced for the cause of the explosion. The first one is that leaky gas connections may have allowed sufficient gas to collect in the building to form an explosion, and the second is that the gasoline tank in the composing room, kept to clean ink off the type, had been left open long enough to let enough fumes escape to cause an explosion. According to the men who escaped from the composing room, that place was not the scene of explosion, but was above the actual center of violence, the scene of the first explosion being in the alley back of the Bow-

en newspaper plant and job printing office to the north.

Long before daylight many wild reports had reached the police. Though it was reported that numerous men were seen running from the Times plant, all clues investigated were found worthless.

DENY RESPONSIBILITY FOR TERRIBLE TIMES DISASTER

At Mayor Alexander's request the union labor leaders announced this morning that they have called off the labor parade intended as a welcome for the delegates to the state convention, Monday night. The announcement is said to be the result of the Times disaster, as the laborites desire to restrain any festive spirit following the tragedy. Through George Gunney, who is managing the brewers and iron workers strike, Los Angeles unionists this morning branded as utterly false the Times statement that the unionists were responsible for the disaster. The statement says:

"We deeply deplore the terrible disaster and the resultant loss of life, and we brand as false the charge that union are in any way responsible for the affair. We condemn violence unequivocally and deny that any persons connected with union labor had any connection with last night's outrage.

UNION PRINTERS DEMAND FULL INVESTIGATION

LOS ANGELES, Oct. 1.—R. L. Criswell, president of the Los Angeles branch of the Typographical Union, visited District Attorney Fredericks' office this morning and demanded on behalf of the printers, a thorough investigation into the Times explosion. As the Times charged the Unionists with responsibility, Criswell asked that the matter be sifted to the bottom. Criswell said if union men were employed in the Times mechanical departments, they were in the building during the explosion. He refused to admit that union men were employed at the Times.

A member of the local stereotypers union said today that four Times stereotypers were unionists, all of whom were missing, he declared.

INFERNAL MACHINE SET FOR HOUR BEFORE TIMES EXPLOSION

LOS ANGELES, Oct. 1.—Fourteen pounds of dynamite were found under a bay window at 830 Garland avenue, the residence of F. J. Zeehandelaar, secretary of the Merchants and Manufacturers Association, who has been active against the unionists in the past several months. The dynamite was found by officers. The dynamite was connected by wires to a battery concealed in an adjacent clump of bushes. Detectives were immediately detailed on the cases, and the explosive taken to police headquarters for evidence.

The dynamite sticks were connected with a battery to which was attached an alarm clock. According to the police, it was one of the most ingenious infernal machines ever discovered locally. The alarm was set at 1 o'clock, an hour before the explosion at the Times building. The police say the clock was so tightly wound that it failed to work, thus saving the lives of the persons in the Zeehandelaar house. Miss Elizabeth Wilder, a visitor at the Zeehandelaar residence, found the machine this morning.

DEATH OF GEN. OTIS WAS REPORTED BUT IS DENIED

LOS ANGELES, Oct. 1.—The branch office of the Times at noon officially denied that Gen. Otis is dead. The office received a telegram from Gen. Otis saying that he will arrive in Los Angeles late today.

Otis is Heard From

LOS ANGELES, Oct. 1.—General Otis today sent the following telegram to Harry Chandler from Imperial Junction:

"Your wire with the terrible news only reached me this morning. I am amazed at the desperation of criminal conspirators in destroying the Times building and slaying its loyal defenders, whose loss I deeply deplore, but the Times will live on, bravely defending the vital and essential principle of industrial freedom under the law, which must yet triumph in the entire nation. I will be home at 3:30. meet me at the station."

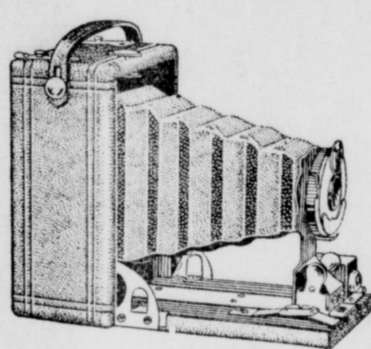

RUMOR OF OTIS' DEATH ON TRAIN FROM SHOCK

LOS ANGELES, Oct. 1.—A rumor reached the Times branch office that General Otis, proprietor of the Times,

THE QUALITY DRUG STORE

Announces Arrival of New Fall Goods

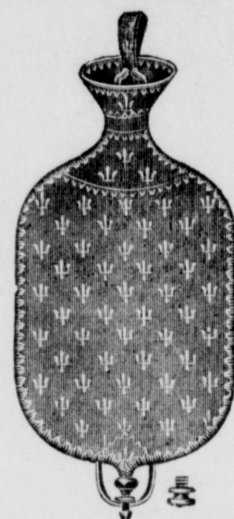

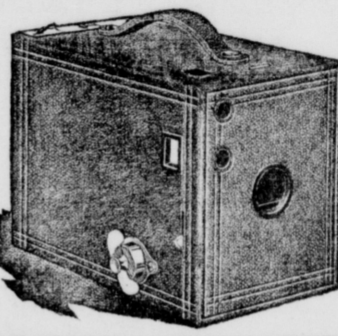

No drug store in Orange county carries as complete a line of high quality drug sundries as we are showing this fall. Our line has been greatly increased lately. All varieties of boudoir, bathroom and household toilet goods, kodaks and cameras, rubber goods of all kinds, ladies' hand-bags, and the finest display of Thermos bottles ever shown in the county. You will find here the article you could find nowhere else.

Kodak the Carnival

We carry the complete line of EASTMAN and PREMO Kodaks, Cameras and Brownies—all the sizes from the small pocket size.

Learn to kodak—it's so interesting, and is easy to learn. Buy an Eastman, the simplest and best kodak made. Point an Eastman at anything—press the bulb or button and you have it—it's so easy a child can do it. Box kodaks from \$5 to \$12. Brownie Cameras \$1.00 to \$12. High speed kodaks with anastigmat lens \$40.00 and up.

Hot Water Bags and Fountain Syringes

One of the largest orders ever brought to Santa Ana just received. Fresh new Rubber Goods of Quality.

If there isn't true quality in the rubber—the article won't wear long.

If quality is lacking appearance will be lacking.

Buy hot water bottles, syringes, fountain syringes, combinations, here and know you are getting the best grade of new, long life, lively rubber.

Quality Hot Water Bottle and Fountain Syringes 75c to \$3.00. Guaranteed one and two years.

Everything for the Bath

except the water and the tub can be had here. Sponges, brushes, floating bath soap, sea salt, bath towels, sprays, bath mats, etc.

HOURS 24 HOT 72 COLD Thermos Bottles Provide Hot and Cold Refreshments on all Kinds of Trips and for Luncheon

The Thermos Bottle is a new scientific invention, embodying the well-known principle that heat or cold can't get through a vacuum. The Thermos bottle simply consists of one glass bottle inside another with a vacuum between. No chemicals of any kind—always ready—lasts a lifetime. Filled, cleaned, emptied, same as any ordinary bottle.

The Thermos bottle keeps hot water, milk, soup, bouillon, clam chowder, coffee, or any other liquid. The Thermos bottle keeps ice cold water, milk, lemonade, ginger ale, champagne, or any other drink. The Thermos bottle is the greatest thing for the comfort and convenience of the human race ever invented. The Thermos bottle keeps liquids hot 24 hours in the coldest weather. The Thermos bottle keeps ice cold liquids ice cold 72 hours in the hottest weather. You simply pour in the liquid hot or cold and cork it up. The Thermos bottle will keep it that way. A Thermos bottle should be part of the equipment of every auto. We have the leather cases for carrying them conveniently and safely. We have just received the largest shipment of Thermos bottles ever brought to Santa Ana. They are either nickel or silver plated and come also in fancy leather covers of all standard colors.

TYPOGRAPHICAL UNION OFFERS ITS AID TO TIMES

LOS ANGELES, Oct. 1.—By authority of the board of directors of the local Typographical Union, President Criswell has sent the following communication to Harry C. Chandler of the Times:

"In view of the deplorable accident resulting in the demolition of the Times plant, the Los Angeles branch of the Typographical Union hereby offers its assistance in any manner desirable in publishing the Times during this period of stress."

The differences between the Times and the Typographical Union are responsible for the first breach between the Times and organized labor, which later developed into open warfare.

UNIONS OFFER \$7500 TO DISCOVER PERPETRATORS OF "TIMES" OUTRAGE

SAN FRANCISCO, Oct. 1.—O. A. Tveitmo, secretary and treasurer of the state building trades council this afternoon offered \$7500 reward for the arrest and conviction of the perpetrators of the Times outrage. The statement says:

"Having learned of the horrible catastrophe that has overtaken the Los Angeles Times, and having noticed from the dispatches that the old-time enemy of union labor is trying to place the blame of the disaster on the trades union movement, I, as president of the general strike committee, and general secretary and treasurer

of the State Building Trades Council, hereby offer a reward of \$7500 for the arrest and conviction of the perpetrators of the outrage. Whether the outrage resulted from natural causes or not, I do not know, but I do know the trades unions in California will do everything in their power to get down to the very bottom of this deplorable affair."

SELLS ITSELF

This is a good picture of the Pacific Garland Cast Range. It is made in the largest stove factory in the world. It is made to stand the hard conditions of this climate. It has indestructible dampers; tops that don't pit; grates that don't burn out, and above all save you money and time every day you use them, in the saving of fuel and the perfection with which they bake. We have customers from all over the county who have purchased this range because they have seen it work in their neighbor's kitchen. Sold with or without the reservoir and closet. Come and see it whether you buy or not. Remember also that we carry about twenty-five styles of Heating Stoves for wood and coal.

HORSE-THIEF AGAIN CAUGHT

Frank Howard Who Figured in
Melodrama of Own Mak-
ing Arrested

Frank Howard, a real bad chap, was arrested in Los Angeles yesterday on a charge of stealing a horse at Bakersfield. The chances are he will go to state's prison.

A few months ago, Howard, who often paraded the streets here dressed in fantastic cowboy plumage, stole a horse from the Friend ranch near Fairview in this county. He was caught with the horse at Long Beach, and out of pity the owner let him go. The same night Howard was shot near Whittier, and he told a tale of a duel with a horse-thief from whom he said he bought the Friend horse. While in the hospital at Whittier he admitted that he shot himself, so anxious was he for blood and thunder.

Santa Ynez Valley Lands

Located in Santa Barbara County

Ten thousand acres of choice farm and grazing lands, in the beautiful and fertile Santa Ynez Valley. Six miles of frontage on Santa Ynez river. Soil unexcelled for Grain, Garden Seed, Potatoes, Onions, Walnuts, Apples, etc. Over two thousand acres now under cultivation. No better bean land in California.

This land will be subdivided and sold in tracts of 20 acres or more, at \$50 per acre and up—one-fourth cash, balance in one, two and three years, at 6 per cent. An excellent opportunity to secure good land at a reasonable price—land that will pay for itself, and produce big profits.

Land will be deeded and certificate of title given at time of purchase. For those not desiring to buy, land will be leased on reasonable terms. Investigate at once. Sales manager can be seen at Hotel in Los Olivos.

TIMES BUILDING IS DEMOLISHED

(Continued from Page One)

physicians say he cannot live through the night.

Managing Editor Andrews sent messengers this morning to the homes of all the employees. He found sixteen were still missing, and says it is almost certain that all of these are dead. There are twenty in the hospitals. According to Andrews, the relations between the Times and the Unionists had reached almost the breaking point, and the feeling was particularly bad since the precipitation of the brewers and iron workers' strike six months ago. Less than a month ago fifty Springfield rifles were purchased and installed in the tower room on the fourth floor of the Times building. This was kept secret until it was admitted by Andrews today. Last week a case of sawed-off guns, which had been standing in the managing editor's office, was removed to the reporters' room.

Mayor's Prompt Action

"If human agency is responsible for the Times horror, we will get the culprits," declared Mayor Alexander this morning. He dispatched messengers calling all councilmen to a special executive session in the city hall. On meeting, the council appropriated \$25,000 to probe the terrible disaster, and to use other wise as the mayor sees fit.

INTERNAL CAUSE MAY HAVE BEEN ORIGIN OF DISASTER

The police dragnet is out. Ten suspects have been arrested, but the police are withholding their names. The Times employees say the building was filled with gases before the explosion. Much gaseous stuff was stored in the basement, where the explosion occurred, and many think some internal cause was responsible for the disaster, and not dynamite.

Two theories, besides criminality, have been advanced for the cause of the explosion. The first one is that leaky gas connections may have allowed sufficient gas to collect in the building to form an explosion, and the second is that the gasoline tank in the composing room, kept to clean ink off the type, had been left open long enough to let enough fumes escape to cause an explosion. According to the men who escaped from the composing room, that place was not the scene of explosion, but was above the actual center of violence, the scene of the first explosion being in the alley back of the Bow-

en newspaper plant and job printing office to the north.

Long before daylight many wild reports had reached the police. Though it was reported that numerous men were seen running from the Times plant, all clues investigated were found worthless.

DENY RESPONSIBILITY FOR TERRIBLE TIMES DISASTER

At Mayor Alexander's request the union labor leaders announced this morning that they have called off the labor parade intended as a welcome for the delegates to the state convention, Monday night. The announcement is said to be the result of the Times disaster, as the laborites desire to restrain any festive spirit following the tragedy. Through George Gunney, who is managing the brewers and iron workers strike, Los Angeles unionists this morning branded as utterly false the Times statement that the unionists were responsible for the disaster. The statement says:

"We deeply deplore the terrible disaster and the resultant loss of life, and we brand as false the charge that union are in any way responsible for the affair. We condemn violence unequivocally and deny that any persons connected with union labor had any connection with last night's outrage.

UNION PRINTERS DEMAND

FULL INVESTIGATION

LOS ANGELES, Oct. 1.—R. L. Criswell, president of the Los Angeles branch of the Typographical Union, visited District Attorney Fredericks' office this morning and demanded on behalf of the printers, a thorough investigation into the Times explosion. As the Times charged the Unionists with responsibility, Criswell asked that the matter be sifted to the bottom. Criswell said if union men were employed in the Times mechanical departments, they were in the building during the explosion. He refused to admit that union men were employed at the Times.

A member of the local stereotypers union said today that four Times stereotypers were 'unionists, all of whom were missing, he declared.

INFERNAL MACHINE SET FOR HOUR BEFORE TIMES EXPLOSION

LOS ANGELES, Oct. 1.—Fourteen pounds of dynamite were found under a bay window at 830 Garland avenue, the residence of F. J. Zeehandelaar, secretary of the Merchants and Manufacturers Association, who has been active against the unionists in the past several months. The dynamite was found by officers. The dynamite was connected by wires to a battery concealed in an adjacent clump of bushes. Detectives were immediately detailed on the cases, and the explosive taken to police headquarters for evidence.

The dynamite sticks were connected with a battery to which was attached an alarm clock. According to the police, it was one of the most ingenious infernal machines ever discovered locally. The alarm was set at 1 o'clock, an hour before the explosion at the Times building. The police say the clock was so tightly wound that it failed to work, thus saving the lives of the persons in the Zeehandelaar house. Miss Elizabeth Wilder, a visitor at the Zeehandelaar residence, found the machine this morning.

DEATH OF GEN. OTIS WAS REPORTED BUT IS DENIED

LOS ANGELES, Oct. 1.—The branch office of the Times at noon officially denied that Gen. Otis is dead. The office received a telegram from Gen. Otis saying that he will arrive in Los Angeles late today.

Otis is Heard From

LOS ANGELES, Oct. 1.—General Otis today sent the following telegram to Harry Chandler from Imperial Junction:

"Your wire with the terrible news only reached me this morning. I am amazed at the desperation of criminal conspirators in destroying the Times building and slaying its loyal defenders, whose loss I deeply deplore, but the Times will live on, bravely defending the vital and essential principle of industrial freedom under the law, which must yet triumph in the entire nation. I will be home at 3:30, meet me at the station."

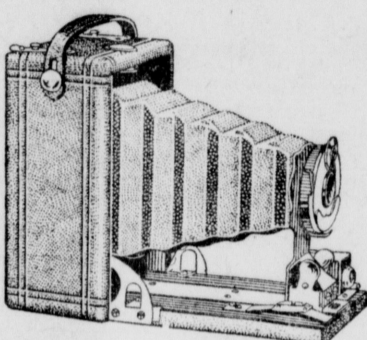

RUMOR OF OTIS' DEATH ON TRAIN FROM SHOCK

LOS ANGELES, Oct. 1.—A rumor reached the Times branch office that General Otis, proprietor of the Times,

Provide Hot and Cold Refreshments on all Kinds of Trips and for Luncheon

The Thermos Bottle is a new scientific invention, embodying the well-known principle that heat or cold can't get through a vacuum. The Thermos bottle simply consists of one glass bottle inside another with a vacuum between. No chemicals of any kind—always ready—lasts a lifetime. Filled, cleaned, emptied, same as any ordinary bottle.

The Thermos bottle keeps hot water, milk, soup, bouillon, clam chowder, coffee, or any other liquid. The Thermos bottle keeps ice cold water, milk, lemonade, ginger ale, champagne, or any other drink. The Thermos bottle is the greatest thing for the comfort and convenience of the human race ever invented. The Thermos bottle keeps liquids hot 24 hours in the coldest weather. The Thermos bottle keeps ice cold liquids ice cold 72 hours in the hottest weather. You simply pour in the liquid hot or cold and cork it up. The Thermos bottle will keep it that way. A Thermos bottle should be part of the equipment of every auto. We have the leather cases for carrying them conveniently and safely. We have just received the largest shipment of Thermos bottles ever brought to Santa Ana. They are either nickel or silver plated and come also in fancy leather covers of all standard colors.

TYPOGRAPHICAL UNION OFFERS ITS AID TO TIMES

LOS ANGELES, Oct. 1.—By authority of the board of directors of the local Typographical Union, President Criswell has sent the following communication to Harry C. Chandler of the Times:

"In view of the deplorable accident resulting in the demolition of the Times plant, the Los Angeles branch of the Typographical Union hereby offers its assistance in any manner desirable in publishing the Times during this period of stress."

The differences between the Times and the Typographical Union are responsible for the first breach between the Times and organized labor, which later developed into open warfare.

UNIONS OFFER \$7500 TO DISCOVER PERPETRATORS OF "TIMES" OUTRAGE

SAN FRANCISCO, Oct. 1.—O. A. Tveitmo, secretary and treasurer of the state building trades council this afternoon offered \$7500 reward for the arrest and conviction of the perpetrators of the Times outrage. The statement says:

"Having learned of the horrible catastrophe that has overtaken the Los Angeles Times, and having noticed from the dispatches that the old-time enemy of union labor is trying to place the blame of the disaster on the trades union movement, I, as president of the general strike committee, and general secretary and treasurer

of the State Building Trades Council, hereby offer a reward of \$7500 for the arrest and conviction of the perpetrators of the outrage. Whether the outrage resulted from natural causes or not, I do not know, but I do know the trades unions in California will do everything in their power to get down to the very bottom of this deplorable affair."
